

Consultations

Consultations are required to appropriately assess each client and to ensure that well informed decisions are made in selecting from the wide range of treatment options available. Our focus is to make sure you get the most out of the time you spend with us at Vitality Laser & Skin Care.

For your safety, please inform the staff if you are using Glycolic acid, Retin-A, Renova, Differin, Tazorac, Accutane or Tetracycline prior to receiving any skin treatments or services.

Initial skin care consultations are complimentary; however, we do require a credit card to secure your appointment time. Subsequent consultations are subject to a \$50 fee.

Consultations regarding Botox and injectibles are available for a fifty dollar booking fee. Consult Fee is applied towards your subsequent treatment which can be performed during the same visit.

Clinic Etiquette

At Vitality Laser & Skin Care we require 24 hours notice for cancellations. For your initial visit, a credit card is requested to guarantee your appointment time. If you must cancel with less than 24 hours advanced notice, the full price of your appointment will be applied. A friendly reminder call will be made 48 hours in advance of your appointment time.

Please be on time. Regardless of your arrival time, the treatment will end as scheduled so as not to inconvenience the next guest, and the full treatment fee will apply. We ask that our clients arrive 15 minutes early to fill out health history forms. This way, we can ensure that you'll get the most out of your treatment.

In order to maintain a relaxing setting, we ask that cell phones and voices be set to quiet mode while in the treatment areas.

Gift Cards

Gift cards can be purchased in any denomination and are redeemable for Laser & Skin Care Services, Products, and Consultation Fees.
